Our local network of 29 Social Service Programs, along with our 7 United Way Initiatives, help to strengthen our community by making positive impact in the areas of health, education, and financial stability.

Every donation given to the United Way serves resource and service needs in Ross County. **In fact, \$0.99 of every dollar donated to the United Way of Ross County, stays in Ross County.**

Once a grant is awarded, we monitor recipients & outcome reports to insure your dollars are invested wisely and are making a positive impact on our local community.

The United Way works to continuously access the current needs of our community. When a program doesn't exist to address a Ross County need, we find the right partners to create & facilitate the needed program in our community.
